SOMPO

REINSURANCE

SompoRe Global Property

We protect a broad spectrum of property risks worldwide, primarily for physical damage and time element exposure, ranging from personal lines and light commercial risks to heavier commercial and industrial portfolios. Property risks include buildings, structures, equipment, business interruption and contents that are insured by primary carriers.

Our analysis is driven by high quality underwriting and statistical data, including comprehensive catastrophe modeling information when covered. Offering proportional and excess property reinsurance programs, disciplined underwriting and meaningful capacity, our committed property specialists partner with clients on a worldwide basis to provide long term solutions for solvency protection, volatility and capital management.

Target classes

In the U.S., we target domestic insurance companies including incidental foreign operations of U.S.- domiciled companies as well as U.S. based regional/specialty companies.

Internationally, we focus on clients ranging from small, single country writers to large global carriers. We work with clients who have strong balance sheets and demonstrate market expertise with a clear catastrophe management strategy and the ability to provide comprehensive exposure data.

What you can expect from our team:

- Trusted and fair-trading partner
- Proprietary analytic and modeling tools and databases and the transactional experience of our underwriting, actuarial, legal and claims professionals
- Experienced and approachable executive management team
- Strong focus on original conditions, rate adequacy and limit management
- An integrated account management approach and exceptional financial strength
